Re: Docket 2017-0122, Hu Honua Bioenergy, LLC Follow Up Response to the State of Hawaii Public Utilities Commission's ("PUC") Letter Dated September 2, 2020 – *Identification of Henry Q. Curtis as the possible source of the IP address connected to the 7 fraudulent emails*

Dear Commissioners:

This letter is intended to supplement Hu Honua Bioenergy, LLC's ("Hu Honua") September 3, 2020 letter ("Hu Honua 9/3 Letter"),¹ which responded to the concerns raised in the PUC's letter dated September 2, 2020 ("PUC 9/2 Letter").² The Hu Honua 9/3 Letter indicated that Hu Honua had commenced its own investigation as to what may have occurred regarding the seven (7) fraudulent emails identified by the PUC. In the Hu Honua 9/3 Letter, we requested that the PUC fully investigate this matter and asked that the state technical department that supports the DCCA and PUC determine the IP address(es) associated with the seven (7) fraudulent emails identified in the PUC 9/2 Letter in order to uncover the individual(s) involved in this deception. We also requested that the PUC take affirmative steps to preserve such IP address(es) and related data in the event this information is relevant to claims and criminal charges that may be made against such individual(s).

Hu Honua offered to cooperate in any such investigation, and we immediately launched our own investigation into the matter. We are providing the following information obtained from our investigation to-date to aid the PUC's own investigation of this serious matter in what appears to be a case of intentional deception against Hu Honua:

- We have confirmed that all seven (7) fraudulent public comment emails that the PUC identified in its September 2, 2020 Letter were sent via a portal available on the

¹ Letter From: Hu Honua Bioenergy, LLC To: Commission Re: Docket 2017-0122, Hu Honua Bioenergy, LLC's Response to the State of Hawaii Public Utilities Commission's ("PUC") Letter Dated September 2, 2020, filed September 3, 2020.

² Letter From: Commission To: Service List Re: Docket No. 2017-0122, In re: Hawaii Electric Light Co., Inc., Application for Approval of a Power Purchase Agreement for Renewable Dispatchable Firm Energy and Capacity, filed September 2, 2020.

website SaveHawaiiIslandJobs.com (the “Website”) on Monday, September 1, 2020 between 10:59 pm and 11:46 pm (within a 47-minute time span).

- In reviewing the seven (7) subject emails attached to the Commission’s September 2, 2020 letter (the “Letter”), the time stamps of six (6) out of the seven (7) emails appear inconsistent. On its face, one can easily recognize that something is amiss. Of the 7 emails, 6 are time stamped prior to the PUC timestamp on their automated response. This would mean that the originators, presumably 6 completely unrelated people, sent the emails from a time zone WEST of Hawaii (vs towards the east) where they claim to be originated from the mainland. The PUC should investigate this unlikely coincidence.³
- Google Analytics run on the Website (a third party’s analytics technology) reports that during that 47-minute time span, only a single click on the “Email to Support” button at 10:59 pm was made on the Website. No other click on the “Email to Support” button on the Website was made during this 47-minute time span.
- We confirmed that the single click was identified as using IP address 174.239.0.192 from Verizon Wireless (likely attached to a mobile device, such as a phone or portable Wi-Fi hotspot device). This suggests that a single person submitted those seven (7) emails because, for example, the seven (7) emails did not come from different IP addresses or from even a single IP address attached to a Wi-Fi that is shared by different people.
- The purpose of an IP address is to permit a computing device to uniquely interact with the internet such that the internet knows from where a request is made and to where a request shall be delivered. Because an IP address is unique, it consists of four fields separated by periods. The first two fields are the network identifiers and the last two fields are the host/machine on the network identifier.
- There were several host/machine identifiers for the specific network IP address 174.239.x.x in the raw server log recording activity on the SaveHawaiiIslandJobs.com website around the period of time in question:

³ For example, in the second thru seventh emails attached to the Letter, the confirmation email was sent by the Commission to the submitting email address at an earlier time than the subsequent email denying that the sender submitted a public comment. See Letter From: Commission To: Service List Re: Docket No. 2017-0122, filed on Sept. 2, 2020. In other words, the sender denied the Commission’s confirmation before the Commission even sent the confirmation.

IP Addresses:

174.239.5.68
174.239.4.122
174.239.6.65
174.239.11.255
174.239.3.161
174.239.3.120
174.239.0.251
174.239.4.151
174.239.3.43

Based on our investigation thus far and our reference to a location search on the publicly available website www.showmyip.com, these IP addresses appear to historically have been located in Honolulu, Hawaii at the Latitude [REDACTED] and Longitude [REDACTED]. A separate search based on this latitude and longitude on the publicly available Google Maps website identified the street address as [REDACTED]; Honolulu, HI 96817. **See attached Analytics/ShowMyIP/GoogleMaps document.**

- Again, based on our ongoing investigation, we believe that the IP address 174.239.0.192 offered by Verizon Wireless is also directly tied to the above-referenced Latitude [REDACTED] and Longitude [REDACTED] and zip code 96817 per data downloaded directly from an IP log exported by www.showmyip.com showing all visits to the Website within 24 hours. However, only the highlighted IP address 174.239.0.192 matches the 10:59 pm click shown in the raw server logs. **See attached IP Research spreadsheet.**
- A White Pages search for this street address, [REDACTED]; Honolulu, HI 96817, identifies Henry Q. Curtis as having been associated with this address. **See attached White Pages Contact Information.**
- In addition, a location report created by Intelius lists a number of individuals as being associated with the street address [REDACTED]; Honolulu, HI 96817, including Henry Q. Curtis. **See attached Intelius Location Report.**

Based on this information, and because of our ongoing investigation, we request that the PUC immediately investigate this matter to confirm who may have submitted the seven fraudulent emails and that the PUC immediately release the results of that investigation publicly. We may have rights and remedies that need to be pursued.

We are concerned about the potential implications to the docket if Henry Q. Curtis was involved with these seven emails in any way, which is one of the reasons we are requesting that the PUC immediately investigate this matter. As the PUC is aware, Henry Q. Curtis has identified himself as the Executive Director and Vice President of Consumer Issues for Life of the Land (“LOL”), a Participant in this proceeding. The PUC confirmed and allowed LOL’s participation in this reopened docket on June 20, 2019.⁴ Given this information, Hu Honua is gravely concerned about Mr. Curtis’s and, by association, LOL’s possible involvement in this deceptive form of

⁴ Order No. 36382 Reopening Docket, filed June 20, 2019, at 12-13

sabotage. We request that the PUC immediately confirm publicly, and provide its investigation findings, whether such conduct was carried out in order to negatively impact Hu Honua's credibility and that of its public supporters, as well as to negatively influence the PUC's determination on Hu Honua's Motion for Reconsideration currently pending before the PUC.

Hu Honua reiterates its request that the PUC fully investigate this matter. For example, the PUC could investigate (1) whether the seven fraudulent emails came from the same IP address as the IP address set forth above, (2) whether the seven fraudulent emails were transmitted using a single IP address, (3) whether the IP address identified above is associated with individuals involved in the matter currently pending before the PUC, including Henry Q. Curtis, and (4) whether the senders are real people and, if so, what if any relationship they may have to the pending matter or to individuals or entities involved in the pending matter. Hu Honua is willing to cooperate in such investigation. The PUC has broad investigatory powers pursuant to Hawaii Revised Statutes 269-7(c),⁵ 269-8,⁶ 269-10,⁷ 269-15(a),⁸ and 269-29.⁹

⁵ **HRS 269-7(c)**, *Investigative Powers*. Any investigation may be made by the commission on its own motion, and shall be made when requested by the public utility to be investigated, or by any person upon a sworn written complaint to the commission, setting forth any prima facie cause of complaint. A majority of the commission shall constitute a quorum.

⁶ **HRS 269-8**, *Public utilities to furnish information*. Every public utility or other person subject to investigation by the commission, shall at all times, upon request, furnish to the public utilities commission all information that it may require respecting any of the matters concerning which it is given power to investigate, and shall permit the examination of its books, records, contracts, maps, and other documents by the commission, or any of its members, or any person authorized by it in writing to make such examination, and shall furnish the commission with a complete inventory of its property in such form as the commission may direct.

⁷ **HRS 269-10**, *Commission may compel attendance of witness, etc.* In all investigations made by the public utilities commission, and in all proceedings before it, the commission and each commissioner shall have the same powers respecting administering oaths, compelling the attendance of witnesses and the production of documentary evidence, examining witnesses, and punishing for contempt, as are possessed by circuit courts. In case of disobedience by any person to any order of the commission or of any commissioner, or any subpoena issued by it or the commissioner, or of the refusal of any witness to testify to any matter regarding which the witness may be questioned lawfully, any circuit court, on application by the commission or a commissioner, shall compel obedience as in case of disobedience of the requirements of a subpoena issued from a circuit court or a refusal to testify therein....

⁸ **HRS 269-15(a)**, *Commission may institute proceedings to enforce chapter*. If the public utilities commission is of the opinion that any public utility or any person is violating or neglecting to comply with any provision of this chapter or of any rule, regulation, order, or other requirement of the commission, or of any provisions of its franchise, charter, or articles of association, if any, or that changes, additions, extensions, or repairs are desirable in its plant or service to meet the reasonable convenience or necessity of the public, or to insure greater safety or security, or that any rates, fares, classifications, charges, or rules are unreasonable or unreasonably discriminatory, or that in any way it is doing what it ought not to do, or not doing what it ought to do, it shall in writing inform the public utility or the person and may institute such proceedings before it as may be necessary to require the public utility or the person to correct any such deficiency. In such event, the commission may by order direct the consumer advocate to appear in such proceeding, to carry out the purposes of this section. The commission may examine into any of the matters referred to in [section 269-7](#), notwithstanding that the same may be within the jurisdiction of any court or other body; provided that this section shall not be construed as in any manner limiting or otherwise affecting the jurisdiction of any such court or other body.

⁹ **HRS 269-29**, *Perjury*. Any person who wilfully and knowingly makes under oath any false statement in connection with any investigation by or proceeding before the public utilities commission shall be guilty of perjury and, upon conviction, shall be subject to the penalty prescribed by law for the offense.

Given Mr. Curtis's possible involvement in the remarkable events in the Hu Honua 9/3 Letter and above, and his connection to LOL as its Executive Director and Vice President of Consumer Issues, and the fact that Mr. Curtis signed nearly all of the filings submitted on behalf of LOL in the reopened docket, including LOL's prehearing testimony, any involvement from him in the above matters calls into question the credibility, reliability, and legality of all of LOL's submissions in this proceeding. Should the investigation confirm Mr. Curtis's and LOL's involvement, LOL's submissions in this proceeding may have similarly been deceptive and intended to deceive the PUC, Parties, and Participants, possibly impacting the views and positions of the Parties and Participants in this proceeding.

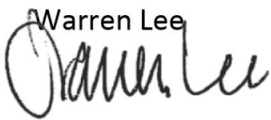

To the extent that the Commission relied upon any statements or submissions by LOL in reaching its determination on any interim orders in this proceeding and its Order No. 37205,¹⁰ which revoked the Commission's previously granted waiver from the Competitive Bidding Framework for Hu Honua's Amended and Restated Power Purchase Agreement, Hu Honua respectfully submits that the Commission should reconsider its rulings should the investigation confirm Mr. Curtis's and LOL's involvement.

In addition, to the extent that the Commission took judicial notice of, or considered, in its rulings the Ililani Media digital journalism website, authored by Mr. Curtis,¹¹ where Mr. Curtis has consistently published misinformation about Hu Honua in connection with this reopened proceeding, Hu Honua respectfully submits that the Commission should reconsider its rulings should the investigation confirm Mr. Curtis's and LOL's involvement.

Finally, as a Participant in this docket, LOL has been given access to Hu Honua's confidential information. Should the investigation confirm Mr. Curtis's and LOL's involvement, neither Hu Honua nor the PUC could possibly trust Mr. Curtis with Hu Honua's confidential business information. In addition, LOL's access to Hu Honua's confidential information should be revoked and LOL should be ordered to return or destroy such confidential information pursuant to the PUC's protective order in this docket.¹²

Very truly yours,

Warren Lee
